## Sketch recipe

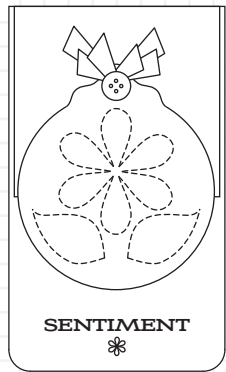

### DESIGN NOTES:

Use an angled square frame die to highlight your sentiment. Embellish the frame with small die-cut elements such as flowers, butterflies, hearts, or stars. Add dimension under select pieces with foam adhesive.

may 2016 release | [www.papertreyink.com](http://www.papertreyink.com)

## Sketch recipe

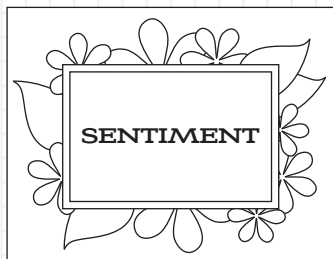

### DESIGN NOTES:

Stitch a design onto a tag. Include patterned paper or fabric for interest. Embellish with scraps of ribbon and attach to a tall, narrow card base layered with patterned paper. Add sentiment below and round corners for a softer feel.

may 2016 release | [www.papertreyink.com](http://www.papertreyink.com)

## Sketch recipe

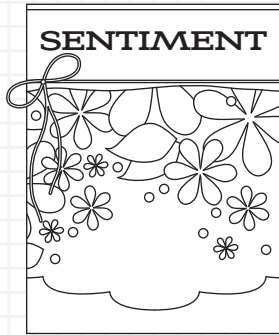

### DESIGN NOTES:

Create a sentiment mat with floral images. Keep the design balanced by mirroring the colors, shapes, and sizes. Use visual triangles with one element (like leaves) to break up the pattern. Layer matted sentiment with foam adhesive for a bit of dimension.

may 2016 release | [www.papertreyink.com](http://www.papertreyink.com)

## Sketch recipe

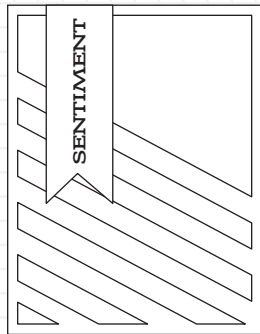

### DESIGN NOTES:

Stamp a large, bold sentiment across the top of your design. Add a cascade of flower images on a panel below. Die cut the edge for interest and to allow card base to show through. Tie baker's twine above a torn vellum edge and embellish with sequins.

may 2016 release | [www.papertreyink.com](http://www.papertreyink.com)

## Sketch recipe

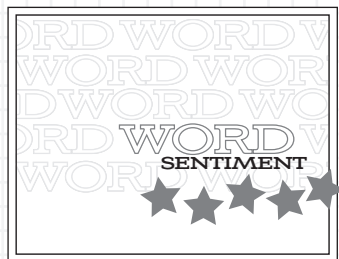

### DESIGN NOTES:

Trim out pieces of a Cover Plate to create two sections. Layer one of the areas with patterned paper or vellum. Stamp a sentiment onto a banner and then attach it to the card front vertically for a unique look.

may 2016 release | [www.papertreyink.com](http://www.papertreyink.com)

## Sketch recipe

### DESIGN NOTES:

Repeatedly stamp a word in a neutral ink shade. Highlight one impression with bright color using markers or pencils. Embellish with similarly bright die cuts for an extra pop of color.
