Sketch recipe

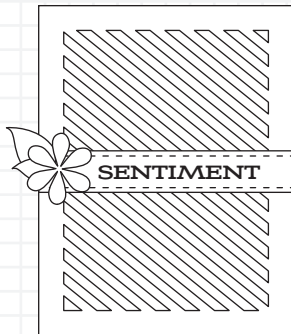

DESIGN NOTES:

Heat emboss your image onto a panel of watercolor paper and add color with paints or reinkers. Texture a card base with an impression plate or stencil. Set eyelets through four corners of watercolor panel and tie to the card base with twine.

Sketch recipe

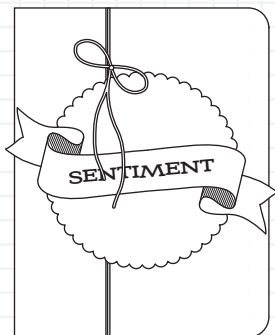

DESIGN NOTES:

Die cut a decorative panel into a card front. Cut multiple panels to create a larger area. Add a sentiment strip between die cuts to make the panel appear seamless. Embellish with faux stitching and floral die cuts.

Sketch recipe

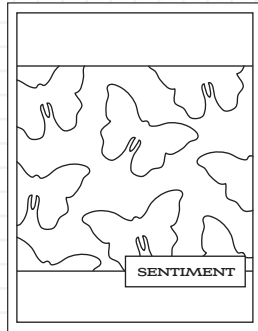

DESIGN NOTES:

Add a patterned paper strip to your card front and embellish with twine. Die cut a large, intricate focal point and adhere to card front. Sponge a die cut banner with ink and stamp with sentiment before attaching over focal point.

DESIGN NOTES:

Create patterned paper by repeatedly stamping an image. Adhere the patterned panel to a neutral card base to let the brightly colored panel pop. Emboss your sentiment on dark cardstock using white powder for a bold contrast.

DESIGN NOTES:

Create a "film strip" using die cuts on the front of your card. Position it diagonally to give a sense of movement. Stamp a sentiment repeatedly along the film strip with one centered on the card to make it the focal point.
